Tier 2: Systems for Long-Term Thriving

Tier 2 domains are foundational systems that enable sustainable human flourishing over time. They include governance of technology, finance, education, urban development, and employment—systems that shape our future capacities, distribute opportunities, and maintain cohesion in a changing world.

✦ Technology Governance (Coming soon)

✦ Financial Systems (Planned)

✦ Educational Systems (Planned)

✦ Urban & Community Development (Planned)

✦ Environmental Stewardship

✦ Oceans & Marine Governance (Planned)

✦ Labor & Employment Governance (Planned)
